

Hello everyone! My name is **Lynn** and my hobbies are drawing and reading.

Before coming to Japan, I studied Biology and Japanese. I really like nature and look forward to enjoying the beauty of Hokkaido!

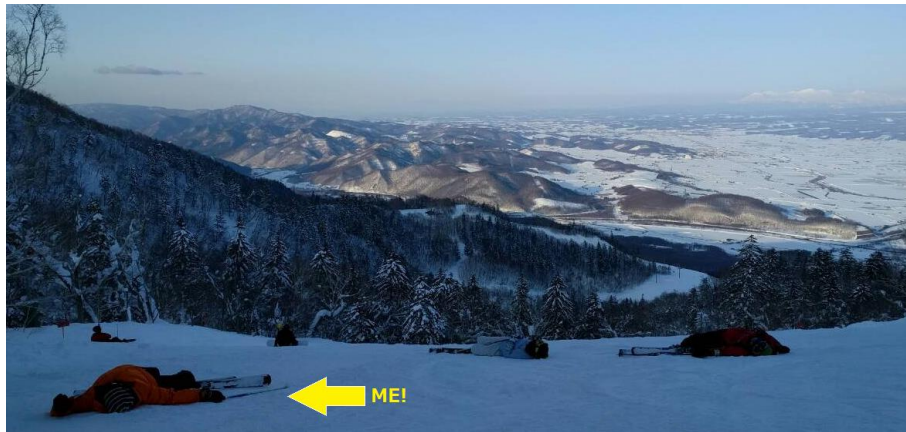

In the future, I want to have five dogs and three cats!

I'm from a sunny country called **Singapore!** Do you know where Singapore is?

Singapore is very near the equator so we only have two seasons: a hot summer and a very hot summer. Most people in Singapore have never seen snow before!

So I'm very lucky to be in Takikawa where there is so much snow, and I can finally try winter sports such as skiing.

Of course you already know about the Night Zoo and the Merlion in Singapore! But, did you know that there are also 3 Merlions in Hokkaido?

They are in Hakodate!

There are also other famous things in Singapore such as the Botanical Gardens and delicious Chicken Rice!

Please come and talk to me if you want to learn more about Singapore! How about visiting there someday?
